

# AIRLINE ALLIANCES

## OVERVIEW

An Airline Alliance is an airline industry arrangement between two or more airlines agreeing to cooperate on a substantial level. Alliances facilitate the accumulation of airline mileage across several carriers. Alliances may also facilitate travelers making inter-airline codeshare connections across or within different countries

*ATTENTION FREQUENT FLYERS! If you are booking a trip with more than one (1) carrier and would like to accrue frequent flyer miles to one (1) main account, you can do so using any one of the three (3) major Airline Alliance frequent flyer numbers to gain miles from any of the carriers within that same alliance.*

This is a comprehensive list of the three (3) major alliances and the airlines that participate in each alliance.
